

Abay Bank QR(quick response)-code Generating system

A **QR Code Generating System** helps merchants generate QR codes, which customers can easily scan using a mobile application to make payments.

The process involves the following steps:

1. The merchant must be register select database (system)
2. The Authorized bank officer can generate the QR code using the **merchant's account number**, not the normal account.
3. The bank officer can generate the QR code and give it to the merchant.

All the steps are outlined below.

1. The Authorized bank officer to login in the page use ERP username and password The original URL link will be found in the Abay bank Portal (**QR code Generating system**) or in this link <http://10.1.85.10:5000>

The new select system address (use only Chrome or Firefox)

User Guideline for QR-code Generating system for Abay Bank

The login form is centered on a light blue background. At the top is the Abay Bank logo, which consists of a blue square with white vertical bars and the Amharic text 'ኃይለማርያም' below it. Below the logo is the title 'QR Code Generating System' in bold. Underneath is the text 'Welcome back'. A horizontal line separates this from the instruction 'Please use ERP Username and Password'. There are two input fields: 'Username' with the placeholder 'Enter ERP username' and 'Password' with the placeholder 'Enter Password'. At the bottom is a large blue button labeled 'Log In'.

After Entering ERP username and password the Landing page looks like this

The landing page has a dark blue sidebar on the left with the 'QRCG' logo and a menu item 'Generate QR'. The main content area is light blue. At the top right, there are icons for a sun and moon, and a link to 'Profile'. The main content area has a heading 'Choose Input Method' with two radio buttons: 'Enter Account Number Manually' (selected) and 'Upload Excel File'. Below this is a heading 'Bank Account Number' followed by an input field with the placeholder 'Enter account number'. At the bottom is a blue button labeled 'Submit'.

User Guideline for QR-code Generating system for Abay Bank

- ✓ To generate the QR code, you can either **enter the merchant account number manually** or **upload an Excel file**. Both options support **single** and **multiple** accounts.
- ✓ If you choose to enter the account number manually, multiple accounts can be separated by commas. After entering the account numbers, click 'Submit.'
- ✓ If you choose to upload an Excel file, the file header must be '**AccountNumber,**' and the column should contain single or multiple account numbers. After uploading the file, click Submit.

The screenshot shows the QR Code Generating (QRCG) system interface. The sidebar on the left contains the 'QRCG' logo and a 'Generate QR' button. The main content area is titled 'Choose Input Method' and features two radio buttons: 'Enter Account Number Manually' (selected) and 'Upload Excel File'. Below the radio buttons is a text input field labeled 'Bank Account Number' containing the number '1052111041130014,1702111152901611'. A dark blue 'Submit' button is located at the bottom left of the main content area. The top right of the interface includes a settings icon, a dark/light mode toggle, and a 'Profile' link.

After enter the correct merchant account number then click the submit button

Case 1: Without amount after clicking the 'Submit' button; check that the detailed information is correct under the preview. If the data is accurate or correct, click the 'Generate' button to download the QR code in either image or PDF format as you want.

User Guideline for QR-code Generating system for Abay Bank

The screenshot displays the 'ABAY BANK MERCHANT INFORMATION' form. The form fields are as follows:

Field	Value
Merchant Name	ITHIOPICA COFFEE PLC
Merchant Account	1702111152901611
MCC	5812
Tin	N/A
Merchant Bank	ABAYETAA
Transaction Currency	ET
Merchant City	Addis Ababa
Mobile Phone	N/A
Transaction Amount	Amount

Below the form, there is an 'Include Tip' checkbox and two buttons: 'Generate' and 'Back'. To the right of the form, a QR code is displayed with the text 'ITHIOPICA COFFEE PLC' and 'Merchant ID :000010017000869'. At the bottom right, there are two buttons: 'Download All as Images' and 'Download All as PDF'.

Case 2: with Amount after clicking the Submit button; check that the detailed information is correct under the preview and enter(put) the transaction Amount on the form and the data is accurate or correct, click the **Generate** button to download the QR code in either image or PDF format as you want.

Case 3: With tip value After clicking the 'Submit' button, check that the detailed information is correct under the preview. Then, click the 'Include Tip' checkbox, select the tip option (either 'Fixed' or 'Percentage'), and enter the tip amount. If the data is accurate, click the Generate button to download the QR code in either image or PDF format, as you prefer."

User Guideline for QR-code Generating system for Abay Bank

The screenshot displays the 'ABAY BANK MERCHANT INFORMATION' form. On the left, a dark blue sidebar contains the 'QRCG' logo and a 'Generate QR' button. The main form area is light blue and contains the following fields: 'Merchant Name: ITHIOPICA COFFEE PLC', 'Merchant Account: 1702111152901611', 'MCC: 5812', 'Tin: N/A', 'Merchant Bank: ABAYETAA', 'Transaction Currency: ET', 'Merchant City: Addis Ababa', 'Mobile Phone: N/A', and 'Transaction Amount' with an input box labeled 'Amount'. Below these is a section for 'Include Tip' with a checked checkbox and three radio button options: 'Optional', 'Fixed' (selected), and 'Percentage'. An 'Enter Tip Value:' input box contains the number '5'. At the bottom left are 'Generate' and 'Back' buttons. On the right, a large QR code is shown with the text 'ITHIOPICA COFFEE PLC' and 'Merchant ID :000010017000869' below it. Two buttons, 'Download All as Images' and 'Download All as PDF', are positioned below the QR code. The top right of the interface includes a settings icon, a moon icon, and a '→ Profil' link. An 'Activate Windows' watermark is visible in the bottom right corner.

After completion logout your Account, at the right top corner click profile or your username and click logout.

Thank You!!!
